

first version
of defense
of the
constitution
island

introduction
OK

Confused Canadians ^{have been barraged} ~~have suffered~~ ~~for~~
for a year from ^{best} ~~continuous~~ ~~being~~ ~~barraged~~ ~~will~~ ~~by~~
~~continues~~ ^{by} political deceptions. The
most recent ^{one deception is} put forth in the Globe
& Mail by the liberals, via Trudeau's
office, "not to worry," section 26 guarantees
the existence of an individual's property
rights.

An careful examination & taken in
context with section 53(1) and 36(1)
all Canadians will if they read ^{the constitution} ~~discover~~ ^{themselves}
section 26 does not guarantee your
~~private~~ ^{will} ~~property~~ rights nor ~~are~~ ~~they~~
~~enforceable~~, ^{those rights} ^{now even exist} ~~are they~~ enforceable by ~~you~~

The clear understanding in the West
of ^{this} ~~their~~ loss of property rights is why
the new ~~all~~ western party had ~~a~~ recent
surprising ~~state~~ victory ~~in the recent~~
~~by election~~.

Ontario should be concerned now-

IV

Concerned that Trudeau has now refused to sign the constitution & is threatening separation. ~~Western~~ Western Canada has now registered concrete evidence that they may resist living under this constitution & that ~~too~~ ^{eventually} could lead to separation.

Ontario may find itself alone. Alone with Trudeau, his debts & his constitution ^{alone} & as individuals without even their own guaranteed ^{property} rights ^{it enables them to} ~~to~~ ~~resist~~ ~~for~~ a greedy government take over.

Rights they need ^a to protect them from the greedy governments take over of their ^{own} property for ~~their own~~ ~~own~~ government's ~~choice~~ to raise for the government ~~the~~ desperately needed revenue...
